

Jesus Ibarra Barron

jesus.ibarra-barron@scholar.smashprogram.org

I hope to finish high school and move on to college in the next four years. I am interested in some STEM careers including zoology or biologist. I am proud to say that I got 4.0 for both school semesters.

EDUCATION:

Completed 1 year at Madison Park Academy High School
Graduation Date: 6/09/2021

EXPERIENCE:

Change For A Hundred After School Tutoring-----Oakland, CA 9/11/17---4/18/18
I tutored after school Monday-Friday for an hour. I helped out 6th graders with their math homework.

SMASH Stanford Scholar-----Stanford, CA 6/30/18---8/4/18
Summer Math And Science Honors (SMASH) is a 5 week residential summer program where I live in the dorms of Stanford University dorms exploring my interests in STEM.

Aim High Graduate----Oakland, CA 6/30/15---7/30/17
I went to a summer program where we had academic classes in the morning and enrichment classes in the afternoon for a month. It was only from 6th grade to 9th grade so I graduated from the program.

HONORS and AWARDS:

Latino Student Honor Roll-----Oakland *2 4-15-17/4-18-18
Students from all across Oakland with a 3.00 or higher get invited to the Temple of Light in Oakland for a celebration (I won the raffle both times :D).

SKILLS:

I love doing things like baking desserts, interacting with animals, finishing a difficult math problem and swimming. I taught my dog to give me his paw and to sit.
